## Profile

---

I am a motivated and enthusiastic Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. I am passionate about creating responsive and user-friendly web interfaces. I have hands-on experience with several projects that showcase my skills in web development. I am eager to apply my knowledge and creativity to real-world projects and contribute to a dynamic development team.

## Skills

---

Front-End : HTML 5 - CSS 3 - JavaScript - JQuery - JDom

Data-Base : MYSQL

## Soft Skills

---

Strong Communication - Problem solving - Analytical Thinking - Creativity - Time Management - Attention To Detail - Adaptability - Team Player - Self Learner

## Projects

---

### Personal Portfolio Website

Developed a personal portfolio website showcasing my professional experience, skills, and projects.

The website features an About Me section, a detailed resume, a portfolio of my work, a blog for industry insights, and a contact form for professional inquiries.

### Blogging Platform

Description: Develop a simple blogging platform where users can create, read, update, and delete posts.

Skills Demonstrated: CRUD operations, form handling, CSS for styling.

### simple calculator

Create a simple web-based calculator using HTML, CSS, and JavaScript. This project will demonstrate your ability to build a functional, user-friendly interface and implement basic arithmetic operations.
